LEADS Audits

The Illinois State Police (ISP) is appointed as the CJIS Systems Agency (CSA) for the State of Illinois. As the CSA, the ISP is required to conduct triennial audits on Illinois agencies that have access to LEADS. These audits consist of NCIC Administrative Audits, LEADS Record Review Audits, and Information Technology Security Audits. All audits are currently being conducted using the CJIS-Audit program hosted by Peak Performance.

It is important to note that not all audits are conducted at the same time nor are they conducted by the same group of auditors; therefore, agencies should not be confused should they receive more than one audit in a three year time frame from the ISP as it may be a different audit than one that your Agency has previously completed.

For assistance please contact the Help Desk at 866/LEADS-00.
