 1. The subcommittee continued its discussion of the content for the draft FIGG informational flyer which is directed towards Illinois law enforcement agencies. The subcommittee discussed the flyer and suggested amendments. The intent of the flyer is to provide basic information about FIGG and to direct readers to the Commission's webpage where more detailed FIGG resource materials will be housed. Dr. Hughes will insert the text into the formatted flyer and will distribute to the subcommittee.
 2. The subcommittee began reviewing a draft of the FAQ Guide document. The questions are grouped under topic headers. From a technical standpoint, if links to different sections of the document are not possible then the subcommittee may consider breaking up the document into separate FAQ documents. The subcommittee focused on edits to the "cost, time, and funding" section of the draft document. The subcommittee members will review other

sections of the document and make additional suggested edits before the next meeting.
