Out-of-State Driver's License Inquiry

LEADS recommends that out-of-state driver's license checks be done by inquiring on name, sex, date of birth, and DL state. If the inquiry is done by out-of-state DLN (driver's license number) only, a hit could be missed as neither LEADS nor NCIC performs a hot file check on out-of-state DLNs. See eManual - [10-27 Chapter - How to make an automated out-of-state inquiry - Required Identifiers](#)
