## Emailing/Texting Criminal Justice Information

The emailing and texting of Criminal Justice Information is not allowed unless the Criminal Justice Information is encrypted. If the Criminal Justice Information is contained in an attachment, then the attachment must be encrypted; however, if the information is contained in the body of the email/text, then the entire email/text must be encrypted. The protected information also includes data received from the SOS - INCLUDING IMAGES; therefore, **do not email/text SOS images without encrypting them at the approved level of encryption.** Please see the [CJIS Security Policy](#) for the minimum standards for encrypting Criminal Justice Information.

For assistance please contact the Help Desk at 866/LEADS-00.
