Vehicle and Person All 50 States Query

LEADS users can now run a query with **Z1** through the QVEHPER form to all states and have the records return individually per state, instead of being held and sent back all together with “NL”. **Z1** is located in the drop-down menu under License State/Region in the QVEHPER form.

QVEHPER - Vehicle & Person Query Form

*** Message Key** **ORI**

Z2 = Basic Query

LEADS or NCIC

Notes LEADS # NCIC # Plate # or Placard SER#
