Biennial ORI Validation

The Illinois State Police is required to conduct a biennial ORI validation to ensure the accuracy of the NCIC and NLETS ORI files. To assist us with this process, we ask that all agencies conduct an NCIC ORI **and** NLETS ORION inquiry on their ORI and the ORI(s) of any agency(s) for which they provide service to ensure accurate information is being maintained.

NCIC ORI Inquiry:

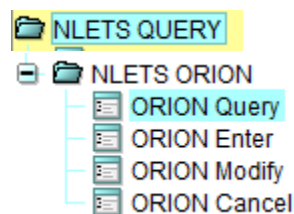

LEADS 3.0 users - click on LEADS and NCIC CHF, Other, NCIC ORI, Query or type **QO** in the quick query bar for quick access to the query.

A screenshot of the 'QO - NCIC Query ORI' form. The form has a title bar with the text 'QO - NCIC Query ORI'. It contains two sections: 'Header Information' and 'Required Information'. In the 'Header Information' section, there is a field for '* Message Key' with a dropdown menu set to 'QO = ORI Complete' and a field for 'ORI'. In the 'Required Information' section, there is a field for '* ORI'. At the bottom of the form, there are three buttons: 'Submit', 'Clear', and 'Close'.

NLETS ORION Inquiry:

LEADS 3.0 users - click on NLETS Query, NLETS ORION, then ORION Query or type **TQ** in the quick query bar for quick access to the query.

A screenshot of the 'TQ - NLETS Query ORION' form. The form has a title bar with the text 'TQ - NLETS Query ORION'. It contains two sections: 'Header information' and 'Query by ORI'. In the 'Header information' section, there is a field for 'ORI' and a field for '* Destination 1'. In the 'Query by ORI' section, there is a field for '* ORI' and a field for 'Location'. At the bottom of the form, there are three buttons: 'Submit', 'Clear', and 'Close'.

NCIC CHF Records:

When a CHF record is entered into LEADS and NCIC, the telephone number of the entering agency (based on the entering CDC/primary NCIC ORI) will be included in all positive NCIC record responses as the telephone number to call for Hit Confirmation purposes (if necessary). The telephone number included in the NCIC record response will match the telephone number
