Entry of John or Jane Doe Warrants

Although John or Jane Doe warrants may be issued for offenses other than homicide, only those warrants for homicide may be entered into LEADS/NCIC. John or Jane Doe warrants issued for DNA collection do not qualify for entry in LEADS/NCIC.

When entering a record for an unknown murderer, key "John or Jane Doe" into the name field. Then enter the homicide victim's descriptive data (physical description, DOB, SOC, DLN, etc.) in the appropriate fields. Indicate in the miscellaneous field that the unknown subject may be using the victim's identification. Enter the victim's name as an alias.

See the LEADS eManual, Wanted Persons - Entering Wanted Person Records - Additional Considerations for LEADS/NCIC Record.
