

LEADS Daily Briefing
for June 24, 2019

Aircraft/Boat Inquiries

As a reminder, inquiries using the Aircraft Registration Inquiry format (via LEADS 2000>Inquiry>NLETS>Aircraft Registration) or the Boat Registration Inquiry format (via LEADS 2000>Inquiry>NLETS>Boat Registration) provide registration information only.

In order to check the LEADS/NCIC Computerized Hot Files (CHF), a second inquiry needs to be made. For Aircraft, an inquiry should be made on the registration or VIN using the Traffic Stop Format. For Boats, an inquiry should be made on the registration or boat hull number using the Universal Inquiry format.

Reminders and hyperlinks have been placed on the Aircraft Registration Inquiry and Boat Registration Inquiry formats.

For assistance please contact the Help Desk at 866/LEADS-00.
