Illinois 10-28 Response Update

In order to minimize misinterpretation regarding the expiration, suspension and revocation of Illinois license plates, the Secretary of State (SOS) has modified the license plate (10-28) response to clear up any confusion. This update will make it much easier to identify license plate statuses.

The location of the expiration date (month/year) has not changed. It is still located next to the license plate number on line 2 of the 10-28 response.

If an agency has any question as to the status of a license plate response, please contact the SOS Police Inquiry Unit at (217) 785-0309 or the LEADS help desk at ISP.HelpDesk@Illinois.gov.

NEW RESPONSE

The location of the expiration date (month/year) has not changed. It is still located next to the license plate number on line 2 of the 10-28 response.

```
SOS 11172022 1424
