FBI NIBRS TRAINING

The Federal Bureau of Investigation (FBI) Uniform Crime Reporting (UCR) Training Instructors are excited to announce another virtual training of the National Incident-Based Reporting System (NIBRS) **open to all states** on **February 6-8, 2024, 12 p.m. - 5 p.m. EST.**

This will be a **free** Virtual NIBRS course on the Microsoft Teams platform and will be available to law enforcement personnel representing state, county, city, university and college, and tribal agencies. It will include an introduction to NIBRS, detailed instruction on classifying Group A Offenses (Crimes Against Persons, Property, and Society), Group B Offenses, reporting incidents and arrests utilizing NIBRS data elements and values, practice scenarios, and activities.

Although registration is open for two weeks, it has been our experience that the class reaches maximum capacity very quickly, often within hours of the link opening. We advise registering as soon as possible once the link opens.

Instruction will be a total of 12 hours over a three-day span with an hour lunch each day. Participants must attend all three days of training to receive a completion certificate. The tentative agenda for the course is as follows:

- Tuesday, February 6: Introduction (NIBRS fundamentals), Crimes Against Persons

- Wednesday, February 7: Crimes Against Property, Crimes Against Society, and Group B Offenses

- Thursday, February 8: Data Elements and Data Values

REGISTRATION

Registration link will OPEN on 1/8/2023 at 2 p.m. EST.

Registration link will CLOSE when class reaches maximum capacity.

Space is limited to 275 individual logins, first-come, first-served.

The registration link includes a waitlist and signing up doesn't guarantee a spot in the class. We will contact participants soon after registration closes advising whether they have been registered or placed on a waitlist.

We highly recommend that agencies share a single login/computer, when possible, to allow more registrants. **If sharing a single login, only one person from a group will need to register** and serve as the primary registrant. There is no FBI limit to the number of participants who may view the training from a shared login. For example, multiple participants may view the training in a conference room on a shared screen and would only need to register one person. All participants who attend all three days of NIBRS training will receive a certificate of completion.

The link for registration is: https://www.surveymonkey.com/r/RSLV7W3

For additional information, kindly contact UCRregistration@fbi.gov.
