FBI NIBRS Training

The Federal Bureau of Investigation (FBI) Uniform Crime Reporting (UCR) Training Instructors are excited to announce another virtual training of the National Incident-Based Reporting System (NIBRS) open to the North Central region on **1/10-12/2023, 11 a.m. - 4 p.m. EST**.

This will be a **free** Virtual NIBRS course on the Microsoft Teams platform and will be available to law enforcement personnel representing state, tribal, county, city, university, and college agencies. It will include an introduction to NIBRS, detailed instruction on classifying Group A Offenses (Crimes Against Persons, Property, and Society), Group B Offenses, reporting incidents and arrests utilizing NIBRS data elements and values, practice scenarios, and activities.

We ask that your State Program handle sending the information about training out to any/all agencies you would like to participate. When disseminating to agencies, please be sure to include the registration link below. Although registration is open for two weeks, it has been our experience that the class reaches maximum capacity very quickly, often within hours of the link opening. We advise to register as soon as possible once link opens.

This training is limited to only those agencies in the North Central region; we kindly ask that you do not forward this invitation to agencies in other regions. North Central region includes: IL, IN, IA, KS, MI, MN, MO, NE, ND, OH, SD, and WI.

Instruction will be a total of 12 hours over a three-day span with an hour lunch each day. Participants must attend all three days of training to receive a completion certificate. The tentative agenda for the course is as follows:

- Tuesday, January 10: Introduction (NIBRS fundamentals), Crimes Against Persons
- Wednesday, January 11: Crimes Against Property, Crimes Against Society, and Group B Offenses
- Thursday, January 12: Data Elements and Data Value

REGISTRATION
- Registration link will OPEN on 12/13/2022 at 11 a.m. EST.
- Registration link will CLOSE on 12/22/2022 at 4 p.m. EST or when class reaches maximum capacity.
- Space is limited to 275 individual logins, first come, first served.
- Each agency will be limited to two logins.

The registration link includes a waitlist and signing up doesn't guarantee a spot in the class. We will contact participants soon after registration closes to advise whether they have been registered or placed on a waitlist.

We highly recommend that agencies share a single login/computer, when possible, to allow more registrants. **If sharing a single login, only one person from a group will need to register** and serve as the primary registrant. There is no FBI limit to the number of participants who may view the training from a shared login. For example, multiple participants may view the training in a conference room on a shared screen and would only need to register one person. All participants who attend all three days of NIBRS training will receive a certificate of completion.

The link for registration is: http://www.surveymonkey.com/r/XQK2BR3

For additional information, kindly contact UCRregistration@fbi.gov.
