Important NIBRS Code Table Update

February 25, 2025

It has been brought to our attention that there is an issue with the recent Code Table Update that was sent out January of this year. It included the removal of I-UCR code 0760 – Burglary to Motor Vehicle. This change was implemented based on previous conversations with the FBI and our understanding that the statute did not meet federal definitions/guidelines. Unfortunately, there was miscommunication regarding the best option for handling the definition discrepancies. It was originally determined that the statute would not be NIBRS reportable in any way. However, over the past few days/weeks, we have revisited this topic in our conversations with the FBI and determined that 0760 – Burglary to Motor Vehicle needs to be added back into the NIBRS Code Table as a reportable offense, however, it should be mapped to IBR Code 23F = Theft From Motor Vehicle.

We understand that this has caused a lot of frustration and confusion amongst agencies. We have heard from many of you and want you to know that we took your concerns seriously. We truly apologize for the misunderstanding, as we strive to be the best partner and advocate agencies have in UCR reporting.

Please see the upcoming changes below. These have not yet been implemented but will be soon. We will communicate the effective date as soon as it is available, however, we wanted to be fully transparent with agencies and inform them of this new development. Additionally, the 2024 data submission deadline is April 1, 2025.
