FOID and CCL Status Check

FOID and CCL are automatically checked with every Name, Sex, DOB and/or IL DLN query. Users can also inquire on FOID and CCL independently through LEADS regarding the status of an Illinois Firearm Owner's Identification (FOID) or Concealed Carry License (CCL), returns will be based upon one of two search methods:

1. By number. When conducting an inquiry by the FOID or CCL number, the response will be based upon the specific record associated with that number – nothing else.

2. By name and DOB, using either message key CWQ or ZF. For investigative accuracy, an inquiry conducted by name and DOB, the response will be based upon *all available records* that match the DOB and LAST NAME – No other parameters are included.

   a. Multiple records may return with similar last names. Law Enforcement personnel need to be aware, the responses may contain more than just one subject, similar to a SOUNDEX hit. To further aid in investigations, the Illinois State Police Firearms Services Bureau returns ALL available records for a cardholder, which can include previously canceled or revoked cards.
