NIBRS Property Segment Training

The Illinois-Uniform Crime Reporting (I-UCR) Program will be offering NIBRS training for agencies submitting data to the State NIBRS repository. The training will be an overview of the property segment within incident reports. Agencies should report Property Segment(s) when an incident involves a Crime Against Property offense, a Kidnapping/Abduction offense, Drug Narcotic Offenses, or Gambling Offenses. The training will provide scenarios and details on how to accurately complete the property segment. The training will also provide errors that most frequently occur within the property segment and what data must be submitted/corrected to eliminate these issues. The free training will be offered via WebEx and will be approximately 60-90 minutes.
