## Firearms Services Bureau Planned Upgrade

The Illinois State Police - Firearms Services Bureau will be migrating to a new operating system on May 21, 2025. To accomplish this migration, FOID and CCL status inquiries via LEADS will be offline from 2:00 pm on Tuesday, May 20, 2025, until approximately 4:00 pm on Wednesday, May 21, 2025. Due to the downtime, all FOID and CCL services will be offline, and assistance will not be available.

In addition, the Firearms Services Bureau Applicant Portal website at [www.ispfbsb.com](http://www.ispfbsb.com) and the Law Enforcement Clear and Present Danger reporting portal at [www.cclisp.com](http://www.cclisp.com) will be out of service during this time. If an agency is needing to submit a clear and present danger report during this time, please contact: [ISP.OfficeofFirearmsSafety@illinois.gov](mailto:ISP.OfficeofFirearmsSafety@illinois.gov)
