SEX OFFENDER/VOAY MOVING STATUS

Instructions below are for both placing an offender into moving status and taking possession of a record already in moving status. An agency that does not currently own the record should <u>NEVER</u> make any modifications, <u>except</u> to employment/student data. Making modifications when the agency does not own the record can cause issues with the programmed timers. It could reset non-compliant timers or compliant timers, causing inconsistencies with the offenders record. Offenders could be arrested unjustly or could be not detained when needed. Agencies could face legal repercussions modifying records not properly owned by their agency.

PLACE INTO MOVING STATUS:

Select Modify Sex Offender, Enter Owning Agency Main ORI into Header ORI Information; Enter Record Identifiers: LEADS number (X05A1234) and Offender Name (Public,John Q). Move down the Form to Offender Registration Information. In LEADS Status space, enter M-084, (084 = County 3-digit code where offender is moving). County code list can be found in LEADS 3.0 Manual under Sex offender Chapter, Moving. Or within the Modify form under address information County Code dropdown list. Complete activity date for the date the offender notified they are moving. Select Submit at bottom of form. Only the agency who is the current owner of the record may place the record into moving status.
