NIBRS 2026 Deadlines

Dear partners,

The FBI's Uniform Crime Reporting (UCR) Program is requesting State Program Managers (SPMs), and Criminal Justice Information Services (CJIS) Systems Officers (CSOs) notify data contributors about upcoming deadlines for FY2026.

All contributors are encouraged to submit data in advance of established deadlines. The FBI's UCR Program will be sending out correspondence to data submitters:

- Requesting verification of data showing significant increases or decreases over the previous submissions and/or verification of any high/low monthly offense counts.
- Identifying any data that have not been received.

Please remember to review your UCR dashboard and if you need assistance, please contact us at UCR@fbi.gov.

Agencies should continue to forward data if deadlines are not met for inclusion in future updates to the Crime Data Explorer. UCR SPMs and CJIS CSOs are asked to inform local agencies of the following important dates and deadlines as necessary:

- All data submitted to the FBI's UCR Program by **10:59 p.m. central standard time (CST)** on the **14th of every month** will be published midmonth to the FBI's Crime Data Explorer.
- Agencies have until **10:59 p.m. CST on January 30, 2026**, to submit data for the "Law Enforcement Employee Data" release as of October 31, 2025.
- Agencies have until **10:59 p.m. CST on April 1, 2026**, to report data to be included in the annual "Reported Crimes in the Nation" report.
