LEADS 3.0, nexTEST and CJIS Security Training

The Illinois State Police LEADS Administration has developed and provided the LEADS training located at the LEADS3.0 website. The LEADS 3.0 training is designed for all LAC(s), Delegates and LEADS Users. LACs are encouraged to use this training to assist new users.

LACs - you are responsible to provide this training at the agency level for the LEADS Users at your agency. The training sessions have been separated so users can view at their own pace and use as a resource for future assistance.

Due to the security, the following links are not to be shared with NON-criminal justice personnel.

As a reminder, the YouTube videos on the CPI YouTube channel should be watched prior to viewing the LEADS 3.0 training.
