# LEADS Daily Briefing
for June 11, 2019

Vehicle Entry Assistance

Making a vehicle entry on a passenger car is a pretty common task, but what about entering a stolen twin engine Cessna or motorized wheelchair? Remember, assistance may be found in the LEADS eManual. Expand the Vehicle chapter and select the Vehicle Type Index (yellow card). Then select the category for the vehicle being entered.

Vehicle Type Index

Click on the Vehicle Type to go to the details.

AIRCRAFT

Private, Commercial, Military, Helicopters, Gliders, Blimps

ALL-TERRAIN

Vehicles that do not fit any other category and are designed to be driven over rough, difficult terrain.

ASSEMBLED AUTOMOBILE

Homemade or Rebuilt

AUTOMOBILE

Passenger Cars, SUV's, Light-Duty Trucks, or Vans

CAMPERS FOR TRUCK MOUNTING

Serialized Shell Campers and all other serialized campers designed for truck mounting

CONSTRUCTION EQUIPMENT

Cranes, Forklifts, Graders, Street and Highway Equipment, Bulldozers, Earth-Moving Equipment

The Codes and Sample Enter page for that vehicle type will list the codes to enter in the VMA (vehicle make), VMO (vehicle model), and VST (vehicle style) fields.
