Modifying a Title Hit to Hold

Agencies that are Modifying a Title Hit to Hold (MHH), Release (MHR), or request an Extension (MHE) must use the Title Hit LEADS number in the transaction, not the LEADS number of the Stolen Vehicle the hit refers to. The Title Hit LEADS number begins with a Q (Q21A0000).

The screenshot shows a software window titled "MTITLE - Modify Title Hit (Release, Hold, Extend Hold)". The window contains the following elements:

- Message Key:** A dropdown menu currently showing "MHH = Modify Title - Hold".
- ORI:** A text input field that is currently empty.
- Title Hit Information:** A section containing:
