Concealed Carry Objection Process Enhancement

Effective May 8, 2019, the Illinois State Police Firearms Services Bureau released an enhancement to the Law Enforcement Portal originally associated with the Concealed Carry Objection Process located at www.ispfsb.com. New to the portal is the ability to download by county, a copy of all currently revoked Firearm Owner's Identification (FOID) card holders including their FOID number, name, physical address, mailing address, cell phone/email if available, the revocation date, and revocation reasons. The report also includes an indicator whether or not the revoked card holder has returned their FOID card and submitted their Firearm Disposition Record, and the number of Firearm Transfer Inquiry Program (FTIP) transactions associated with the FOID number. The report is updated within the first 4 business days of each month.

For those agencies with access to the portal, you will see a new tab named "FOID Revocation Reports." For agencies not yet registered, please send an email to:isp.ccw.illinois@illinois.gov requesting access forms/agreements.
