Concealed Carry License Responses

The Illinois CCL file will automatically be checked when:

1. an Illinois Name, Sex, DOB inquiry is made using the Z2 message key.
2. an Illinois DLN inquiry is made using the Z2 or Z5 message key and the inquiry yields a positive DL response.
3. an Illinois license plate (LIC) inquiry is made using the Z5 message key and a DLN is included on the registration response, which yields a positive SOS DL response.
4. an out-of-sate Name, Sex, DOB inquiry will generate an Illinois and an out-of-state concealed weapons inquiry. A positive or negative response will return from Illinois and from the other state.
