**Conclusions:**

**System Name: South West Cook County**

**Case # 22-M-336**

**Date Filed: 12/06/22**

This plan modification filed by South West Cook County requests to opt the Village of Forest View out of its 9-1-1 system to CERCCC. CERCCC has also filed a plan modification requesting to opt the Village of Forest View into its 911 system from the South West Cook County 9-1-1 System. Both South West Cook County ETSB's and CERCCC's service populations will remain above 25,000 in their respective 9-1-1 systems, therefore meeting the requirement to serve a minimum population of at least 25,000 pursuant to Section 15.4a, 2) of the ETSA. This plan modification also meets the requirements for a modified plan filing under Illinois Administrative Code Part 1325.205. The hold harmless amount attributable to the Village of Forest View should not be transferred to CERCCC until the transfer of surcharge agreement is filed with the ISP. The wireless surcharge attributable to Forest View should be transferred to CERCCC once a wireless plan adding Forest View is filed and approved by the Statewide 9-1-1 Administrator.
