

**ILLINOIS STATE POLICE**  
**Office of the Statewide 9-1-1 Administrator**

**State of Illinois**

**Application for**  
**9-1-1 Modification Plan**

# INTRODUCTION

The following document provides the application for submitting a 9-1-1 Modification Plan that will supply the Department of State Police (Department), the Illinois Commerce Commission (ICC), the Statewide 9-1-1 Advisory Board (Advisory Board) and the Statewide 9-1-1 Administrator (Administrator) with the necessary information about your proposal to modify your 9-1-1 system. All modified plans must comply with 83 Ill. Adm. Code Part 1325.

## **LONG FORM MODIFIED 9-1-1 PLAN:**

The following 9-1-1 system changes require Administrator approval:

- 1) Changing boundaries that require an intergovernmental agreement between local governmental entities to exclude or include residents within the 9-1-1 jurisdiction
- 2) Changing or adding a 9-1-1 system provider
- 3) Changes in network configuration, except as provided for in subsection 1325.200(h), (i.e. implementation of a Next Generation 9-1-1 (NG9-1-1) system)
- 4) Change of Backup PSAP arrangement

The Modified Plan must include the following documents:

<b>General Information</b>	Contact and 9-1-1 System information.
<b>Verification</b>	Notarized statement of truth regarding information provided in the plan.
<b>Letter of Intent</b>	Letter that is sent to the 9-1-1 System Provider with a copy of the plan.
<b>Plan Narrative</b>	A summary of the changes of the proposed system's operation.
<b>Financial Information</b>	A summary of anticipated implementation costs and annual operating costs of the modified 9-1-1 system that are directly associated with 9-1-1 as well as the anticipated revenues.
<b>5-Year Strategic Plan</b>	A detailed plan for implementation and financial projections.
<b>Communities Served</b>	A list of all communities that are served by the 9-1-1 System.
<b>Participating Agencies</b>	A list of public safety agencies (Police, Fire, EMS, etc.) who are dispatched by the 9-1-1 System.
<b>Adjacent Agencies</b>	A list of public safety agencies (Police, Fire, EMS, etc.) that are adjacent to the 9-1-1 System's jurisdictional boundaries.

## **Attachments (if applicable):**

<b>Ordinance</b>	Any local ordinances which dissolve an existing ETSB or creates a new ETSB.
<b>Intergovernmental Agreement</b>	Any intergovernmental agreements or MOU's creating a joint ETSB or any other agreements pertinent to the 9-1-1 system.
<b>Contracts</b>	Contract(s) with a 9-1-1 system provider or for NG-9-1-1 service.
<b>Back-up PSAP Agreement</b>	Establishes back-up and overflow services between PSAPs.
<b>Network Diagram</b>	Provided by the 9-1-1 system provider showing trunk routing and backup configuration.
<b>Call Handling Agreements</b>	Call handling agreements shall describe the primary and secondary dispatch method to be used by requesting parties within their respective jurisdictions.
<b>Aid Outside Jurisdictional Boundaries Agreements</b>	Aid outside normal jurisdictional boundaries agreements shall provide that once an emergency unit is dispatched in response to a request through the system, such unit shall render its service to the requesting party without regard to whether the unit is operating outside its normal jurisdictional boundaries.

<b>Carrier Listing</b>	A list of each carrier telephone company(s), exchange(s), prefix(es), and the various 9-1-1 System configurations that will be used in the proposed system.
<b>Test Plan</b>	The 911 System's overall plan detailing how and to what extent the network and data base will be tested.

These modified 9-1-1 Plans must be filed electronically on the Department's website at:

<http://www.isp.state.il.us/Statewide911/statewide911.cfm> where you will see the box below to submit your plan.

Once the plan is submitted, the Department and the ICC will have 20 days to provide a technical review of the plan to submit to the Administrator for approval.

#### **SHORT FORM MODIFIED 9-1-1 PLAN:**

The following modifications do not need to be submitted electronically on the Department's website.

The 9-1-1 Authority must provide written notification to the Administrator at [911\\_tech\\_support@isp.state.il.us](mailto:911_tech_support@isp.state.il.us) at least 10 business days prior to making the following changes pursuant to Section 1325.200(h). After review, the Administrator will provide a letter of acknowledgment.

- 1) Permanent relocation of an existing PSAP or backup PSAP facility
- 2) Reduction in 9-1-1 trunks from the selective router to the PSAP
- 3) Further reduction of PSAPs within a 9-1-1 Authority beyond consolidation as required by the Act

The notification should include:

**General Information**      Contact and 9-1-1 System information.

**Plan Narrative**              A detailed summary of the changes in the proposed system's operation.

#### **Attachments (if applicable):**

**Network Diagram**              Provided by the 9-1-1 system provider showing trunk routing and backup configuration

**Call Handling Agreements**      Call handling agreements shall describe the primary and secondary dispatch method to be used by requesting parties within their respective jurisdictions.

Rhett Beekman

Dear Rhett

This letter is to confirm our intent to modify our 9-1-1 System. Enclosed is your copy of our modification plan to be filed with the Department of the Illinois State Police for approval. Thank you for your assistance in this matter.

Sincerely,

KEVIN JENNE

911 COORDINATOR

FAYETTE COUNTY E.T.S.B.

OFFICE: 618-283-7241

## NARRATIVE STATEMENT:

*(Provide a detailed summary of system operations for a modified 9-1-1 plan. Also, if incorporating an NG9-1-1 solution, please include the additional items listed below pursuant to 1325.205 b)12).*

- 1) Indicate the name of the certified 9-1-1 system provider being utilized.
- 2) Explain the national standards, protocols and/or operating measures that will be followed.
- 3) Explain what measures have been taken to create a robust, reliable and diverse/redundant network and whether other 9-1-1 Authorities will be sharing the equipment.
- 4) Explain how the existing 9-1-1 traditional legacy wireline, wireless and VoIP network, along with the databases, will interface and/or be transitioned into the NG9-1-1 system.
- 5) Explain how split exchanges will be handled.
- 6) Explain how the databases will be maintained and how address errors will be corrected and updated on a continuing basis.
- 7) Explain who will be responsible for updating and maintaining the data, at a minimum on a daily basis Monday through Friday.
- 8) Explain what security measures will be placed on the IP 9-1-1 network and equipment to safeguard it from malicious attacks or threats to the system operation and what level of confidentiality will be placed on the system in order to keep unauthorized individuals from accessing it.

Plan Narrative:

SEE ATTACHED NARRATIVE.

## **FAYETTE COUNTY ETSB**

### **PLAN NARRATIVE**

The Fayette County Emergency Telephone Systems Board, Fayette County, Illinois, formally request an order to operate under the new state law.

In November of 2008 the voters of Fayette County approved by referendum to begin the implementation of an enhanced 911 system in the county. Since that time the Fayette County ETSB has been working toward that goal.

The ETSB plans to have 2 separate PSAP's in our county. One will be located at the Fayette County Sheriff's office, and the second is located at the Vandalia City Police Dept. Both of our PSAP's will back each other up. We also have an agreement with Bond County ETSB who will act as a Backup for both of our PSAP's.

The Fayette County Sheriff's Dispatch center has one dispatcher on at all times with the possibility of calling in a second dispatcher on an as needed basis. The Fayette County dispatch center dispatches for 5 law enforcement agencies including:

- Fayette County Sheriff's Office
- Ramsey Police Department
- Brownstown Police Department
- St Elmo Police Department
- Farina Police Department.

The Fayette County Sheriff's Dispatch is the primary dispatch point for 6 fire Depts.

- Ramsey Fire Protection District
- Brownstown Fire Protection District
- St Elmo Fire Protection District
- St Peter Fire Protection District
- Farina Fire Protection District
- Tri County Fire Protection District

The Fayette County Sheriff's Dispatch is the primary dispatch point for 3 EMS Agencies

- Fayette County EMS
- Altamont/Vandalia Area EMS
- Farina EMS

The Vandalia Police dispatch center has one dispatcher on at all times with the possibility of calling in another on an as needed basis. The Vandalia Police dispatch center dispatches for the Vandalia Police Dept. along with the Vandalia Fire Dept. The Vandalia Police dispatch also dispatches Fayette County EMS and the Vandalia Area Ambulance Service for EMS calls within the city.

The Fayette County ETSB has been working towards upgrading the dispatch equipment to meet the needs of an enhanced 911 system. Since 2008 the Fayette County ETSB has spent approximately \$1,136,000.00 on upgrading the equipment, and preparing for 911 service. Following is a description of work and equipment purchased.

### **911 Mapping**

The 911 mapping was created first. The board hired a firm to create the map, centerlines, esn's and address points.

### **MSAG/911 Database**

The board hired a contractor to create the MSAG and ESN's and also provided telephone record corrections to the land line telephone service providers in Fayette County. Telephone corrections have been made, and the MSAG has been loaded into the 911 database.

### **911 Coordinator**

In August of 2012 the ETSB hired a 911 coordinator. The coordinators duties are but not limited to, addressing and corrections, maintaining the MSAG, Administrator of the CAD system, Radio system, EMD and all other 911 associate functions.

### **Fiber Optic Connection**

The ETSB installed a fiber optic cable connection between the 2 dispatch centers. The fiber is used to interconnect the centers radio dispatch consoles and the CAD system.

The ETSB replaced the dispatch radio consoles used by both dispatch agencies. Along with the Console the board purchased P25 Radio repeater System. This gave interoperability for all law enforcement agencies in the county.

The fire and EMS radio dispatch system was also created. The ETSB created a single frequency throughout the county. This single frequency is used for county wide EMS, and rural fire paging.

### **Computer aided dispatch**

In September of 2015 the ETSB purchased a computer aided dispatch system, and is fully operational.

### **911 Call taking equipment**

Also in 2015 the ETSB purchase the 911 call taking equipment. There are 2 separate systems. One system will be installed at the Sheriff's office dispatch, and the other system at the Vandalia Police dispatch center. Both systems have the capability of interconnectivity with each other via the fiber optic cable. Both systems are NG911 compatible.

### **Emergency Medical Dispatch**

The ETSB has implemented EMD protocols in both dispatch centers. The ETSB has paid for the dispatchers training and the materials necessary to implement the EMD protocols.

### **911 Recorders/Logging Equipment**

In 2015 the ETSB purchased Recorders for both the County and the City dispatch centers.

Traditional secured AT&T 9-1-1 network will be installed. Fayette County's 9-1-1 network will be a closed IP network.

It will be password protected. And will be a physically secured facility.

### **Summary**

In summary, Fayette County has been working on the implementation of the 911 system since 2008 and feel we are ready to implement it. AT&T is the lead Telco and the trunks have been ordered.

## FINANCIAL INFORMATION

Annual recurring 9-1-1 network costs prior to modification	\$ _____ \$ 0.00
Projected annual recurring 9-1-1 network costs after modification	\$ _____ \$ 4,657.00
Installation cost of the project	\$ _____ \$ 1,136,000.00
Anticipated annual revenues	\$ _____ \$ 269,145.00

## FIVE YEAR STRATEGIC PLAN FOR MODIFIED PLAN

(Provide a detailed summary of the proposed system's operation, including but not limited to, a five-year strategic plan for implementation of the modified 9-1-1 plan with financial projections)

Narrative:

### Year 1

We will continue to work towards activation of E911 service in Fayette County. Upon activation of E911 service with landlines, we will work towards activation of E911 wireless service. We do not have any further needed equipment at this time. We will use our surcharge money for the contractual maintenance agreements that are already in place. We will do renovations to the PSAP's to ensure they are more secure.

### Year 2

If needed we will continue working towards activation of e911 wireless service. We will work towards full NG911 service in the county. We will continue to pay our contractual maintenance agreements. We will continue with renovations to the PSAP's.

### Year 3

If needed, we will continue working towards full NG911 service in the county. We will continue to pay our contractual agreements. We will begin planning for enhancements in the law enforcement, and fire, EMS communications systems in the county. The enhancements will be additional sites in the Law repeater system, as well as the addition of a county wide Fire/EMS repeater system.

### Year 4

We will continue to pay for our contractual Maintenance agreements. We will continue with our Communication systems enhancements. We will begin developing our equipment upgrading or replacement program. We will begin negotiating new maintenance agreements with our equipment vendors.

### Year 5

We will continue to pay our contractual Maintenance agreements. We will continue with our communications systems enhancements. We will continue with our equipment upgrading or replacement program. We will continue to negotiate maintenance contracts.

## COMMUNITIES SERVED

Provide a list of all communities to be served by the proposed 9-1-1 System. Please include the name of the community and the official mailing address including street address, city and zip code.

*USE ADDITIONAL SHEETS AS NECESSARY*

City, Town or Village	Street Address, City, Zip Code
City of Vandalia	431 W. Gallatin, Vandalia, IL 62471
Village of St Peter	704 W. Third St., St Peter IL 62880
City of St Elmo	411 N. Main St., St Elmo, IL 62458
Village of Farina	106 S. Oak St., Farina, IL 62838
Village of Brownstown	114 E. Main St., Brownstown, IL 62418
Village of Ramsey	401 S. Superior St. Ramsey, IL 62080

## CARRIER LISTING

(Wireline, Wireless, VoIP)

Provide a list of each carrier that will be involved in the proposed system.

(USE ADDITIONAL SHEETS AS NECESSARY)

[illegible]

## For Enhanced 9-1-1 Emergency Communications

This agreement is made between the Fayette County Public Safety Answering Point, hereinafter referred to as "PSAP" and Altamont Ambulance Service for the purpose of effective handling and routing of 9-1-1 Emergency calls

### CALL HANDLING

Fayette County PSAP receiving a call for emergency services in your jurisdiction shall dispatch the call in the following manner.

Primary: Radio/Pager Dispatch

Secondary: Telephone

### AID WITHIN JURISDICTIONAL BOUNDARY

Once an emergency unit is dispatched and is responding to a request through the 9-1-1 system, such unit shall render its service to the requesting party without regards to whether the unit is operating outside its normal jurisdiction boundaries. The legislative intent is that 9-1-1 be used for emergency calls only. Therefore, all calls of an administrative or non-emergency nature shall be referred to your agencies published telephone number.

The PSAP Center agrees to keep all records, times, and places of all calls. All records will be available to all participants to the 9-1-1 system.

All agreements, management, record and service will be the responsibility of the advisory and policy boards.

The advisory board must approve any agreement or changes in agreement and operating policies.

# CALL HANDLING AND AID OUTSIDE JURISDICTIONAL BOUNDARIES AGREEMENT

## For 9-1-1 Emergency Communications

This agreement is made between the 9-1-1 Authority, and the (Public Safety Agency)

Altamont Fire Protection Dist \_\_\_\_\_, for the purpose of effective handling and routing of 9-1-1 Emergency calls.

## CALL HANDLING

(9-1-1 System Name) Fayette County 911 receiving a call for emergency services in your jurisdiction shall dispatch the call in the following manner:

Primary: 217-342-2101 (State Specific Procedures if radio frequency-identity number, if talk group-identify name, if telephone-identity telephone number)

Secondary: Telephone 618-483-6161 \_\_\_\_\_ (State Specific Procedures if radio frequency-identity frequency number, if talk group-identify name, if telephone-identity number)

## AID OUTSIDE JURISDICTION BOUNDARIES

Once an emergency unit is dispatched in response to a request through the system, such unit shall render its service to the requesting party without regard to whether the unit is operating outside its normal jurisdictional boundaries.

The legislative intent is that 9-1-1 be used for emergency calls only. Therefore, all calls of an administrative or non-emergency nature shall be referred to your agency's published telephone number.

The PSAP Center agrees to keep all records, times, and places of all calls. All records will be available to all participants of the 9-1-1 System.

It shall be the responsibility of your agency to maintain the report of the call and the disposition of each call received. All agreements, management, records, and service will be the responsibility of the 9-1-1 authority.

## AID OUTSIDE JURISDICTION BOUNDARIES

Once an emergency unit is dispatched in response to a request through the system, such unit shall render its service to the requesting party without regard to whether the unit is operating outside its normal jurisdictional boundaries.

The legislative intent is that 9-1-1 be used for emergency calls only. Therefore, all calls of an administrative or non-emergency nature shall be referred to your agency's published telephone number.

The PSAP Center agrees to keep all records, times, and places of all calls. All records will be available to all participants of the 9-1-1 System.

It shall be the responsibility of your agency to maintain the report of the call and the disposition of each call received.

All agreements, management, records, and service will be the responsibility of the 9-1-1 authority.

Title: Bureau Chief

For Enhanced 9-1-1 Emergency Communications

This agreement is made between the Fayette County Public Safety Answering Point, hereinafter referred to as "PSAP" and Illinois State Police, for the purpose of effective handling and routing of 9-1-1 Emergency calls

DISTRICT 12

CALL HANDLING

Fayette County PSAP receiving a call for emergency services in your jurisdiction shall dispatch the call in the following manner.

Primary: Telephone (217) 347-2677

Secondary: Leads (217) 347-2711

AID WITHIN JURISDICTIONAL BOUNDARY

Once an emergency unit is dispatched and is responding to a request through the 9-1-1 system, such unit shall render its service to the requesting party without regards to whether the unit is operating outside its normal jurisdiction boundaries. The legislative intent is that 9-1-1 be used for emergency calls only. Therefore, all calls of an administrative or non-emergency nature shall be referred to your agencies published telephone number.

The PSAP Center agrees to keep all records, times, and places of all calls. All records will be available to all participants to the 9-1-1 system.

All agreements, management, record and service will be the responsibility of the advisory and policy boards.

The advisory board must approve any agreement or changes in agreement and operating policies.

ORDINANCE – ENHANCED 9-1-1

NO: 2008-07-10-A

WHEREAS, the State of Illinois has enacted into law the Emergency Telephone System Act as amended, (the "ACT") pursuant to 50 ILCS 750/0.01 et. Seq. of the 2006 Illinois Compiled Statutes; and

WHEREAS, the Act enables counties and municipalities to impose a surcharge on monthly billed subscribers of telecommunication carriers at a rate per network connection in order to implement and/or upgrade and maintain a "9-1-1" emergency telephone system; and

WHEREAS, the Act requires the telecommunication carriers to collect the surcharge from its monthly billed subscribers residing within the corporate limits of the county; and

WHEREAS, the Act allows the telecommunications carriers to deduct and retain 3% of the gross amount of surcharge collected for reimbursement of the expense of accounting and collecting the surcharge; and

WHEREAS, the Act further provides that before the surcharge may be imposed it must be authorized by a majority of the voters in a referendum by the county or municipality; and

WHEREAS, the County Board of Fayette County deem it to be in the best interest of the county to implement and/or upgrade and maintain a "9-1-1" emergency telephone system and to impose a surcharge on the monthly billed subscribers of telecommunications carrier residing within the county or municipality to pay for the costs associated therewith;

NOW, THEREFORE, be it ordained by the County Board of Fayette County, Illinois, as follows:

**SECTION ONE.** A surcharge is hereby imposed, subject to the provisions of Section Two, upon the monthly billed subscribers of telecommunication carriers residing within the county for funding of a "9-1-1" emergency telephone system.

**SECTION TWO.** A referendum shall be placed by the County Clerk on the November 4, 2008 ballot for all legal voters residing in the county to vote upon the following question:

Shall the County of Fayette impose a surcharge of up to \$2.75 per month per network connection, which surcharge will be added to the monthly bill you receive for telephone or telecommunications charges, for the purpose of installing or improving a 9-1-1 Emergency Telephone System?	YES	
	NO	

**SECTION THREE.** If a majority of the votes cast upon the question are in favor thereof, a surcharge is hereby imposed on monthly billed subscribers of telecommunication carriers residing within the county at a rate of \$2.75 per month per network connection hereinafter defined.

**SECTION FOUR.** A monthly billed subscriber shall be deemed to reside within the taxing jurisdiction if the service address, as hereinafter defined is located within the county.

**SECTION FIVE.** For purpose of this ordinance, the following definitions shall apply;

- a. "Network Connection" means the number of voice grade communication channels directly between a subscriber and a telecommunications carrier's public switched network without the intervention of any other telecommunications carriers switched network which would be required to carry the subscriber's interpremises traffic.
- b. "Service Address" means the location of the subscriber's telecommunications facilities accessing the network connection or connection(s) that are subject to the surcharge. If this is not a defined location, service address shall mean the location of a subscriber's primary use of the network connection as defined by telephone number, authorization code or location in Illinois where bills are sent.
- c. "Telecommunications Carrier" means any natural individual, firm, trust, estate, partnership, association, joint stock company, joint adventure, corporation, municipal corporation or political subdivision of this State, or a receiver, trustee, conservator or other representative appointed by order of any court engaged in the business of transmitting messages by means of electricity.

**SECTION SIX.** The Fayette County Board shall have the authority to exempt network connection assigned to governmental units, charitable organizations, and 9-1-1 system providers from the imposition of the surcharge. The County Board shall provide the County Clerk with the information concerning what network connections are to be exempt.

The County Clerk shall provide any telecommunication carrier collecting the surcharge with a certified list of those network connections assigned to the county to be exempt from imposition of the surcharge. The certified list may be revised by the county 60 days prior written notice provided to the telecommunication carriers.

**SECTION SEVEN.** The surcharge shall be imposed on the first day of the month following the expiration of 90 days from the date the County Clerk certifies to any of the telecommunication carriers who are required to collect the surcharge that the referendum referred to in Section Two has passed.

**SECTION EIGHT.** Each telecommunication carrier is hereby authorized and instructed to deduct 3% from the gross amount of surcharge collected prior to remittance under Section Nine of this ordinance in reimbursement for the expense of accounting and collection the surcharge.

**SECTION NINE.** Every telecommunication carrier shall remit to the County Treasurer the amount of surcharge collected for each month to which the surcharge applies, net of any network or other "9-1-1" or sophisticated "9-1-1" system charge then due to the particular telecommunication carrier as shown on an itemized bill and the 3% accounting and collection charge described in Section Eight.

**SECTION TEN.** Simultaneously with the remittance described in Section Nine above each telecommunication carrier shall make a return to the County Treasurer for the period to which the remittance applies stating as follows:

- 1. The name of the telecommunication carrier.
- 2. The telecommunication carrier's principal place of business.
- 3. The number of network connections to which the surcharge applies.
- 4. The amount of surcharge collected.
- 5. Such other reasonable and related information as the corporate authorities may require.

**SECTION ELEVEN.** If it shall appear that an amount of surcharge has been paid which was not due under the provisions of this ordinance, whether as the result of a mistake of fact or an error of law, then such amount shall be credited against any surcharge due, or to become due, under this ordinance; provided that no amounts erroneously paid more than three (3) years prior to the filing of a claim therefore shall be

so credited. Ninety days prior notice shall be given to the Emergency Telephone System Board on any credit against a surcharge due.

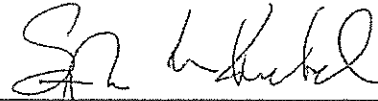

SECTION TWELVE. No action to recover any amount of surcharge due under the provisions of this ordinance shall be commenced more than three (3) years after the due date of such amount.

This Ordinance adopted by the Fayette County Board at its regularly scheduled meeting on the 10<sup>th</sup> day of July, 2008, and subject to the limits contained herein, effective immediately.

ENHANCED 9-1-1 NETWORK SERVICE  
CUSTOMER ACCEPTANCE AGREEMENT  
(COUNTY SYSTEMS ONLY)

This confirms an agreement between AT&T Global Services and Fayette County Emergency Telephone Service Board ("Customer") located at 221 South 7<sup>th</sup> Street, Vandalia, Illinois 62471 to install Enhanced 9-1-1 service as described in AT&T's I.C.C. Tariff No. 20, Part 8, Section 3. Customer's Service Area is defined as the area within the boundaries of Fayette County.

This contract becomes effective when signed and shall automatically terminate upon 30 days advanced written notice by either party.

In the event the Customer cancels this Agreement prior to establishment of the Enhanced 9-1-1 service, AT&T will be reimbursed by the Customer for all costs incurred.

Enhanced 9-1-1 is a telecommunications service which provides certain features such as Automatic Number Identification ("ANI"), Automatic Location Identification ("ALI") and Selective Routing of 9-1-1 calls to a specific Public Safety Answering Point ("PSAP") which is selected from the various PSAP's servicing customers within the Enhanced 9-1-1 customer's service area. Enhanced 9-1-1 is further defined by tariff.

The customer elects to pay Enhanced 9-1-1 subject to the following conditions.

- A. Customer elects a contract period of month to month. During this period the monthly rate for Enhanced 9-1-1 is \$ 150.00 per 1000 exchange access lines and is not subject to AT&T initiated rate changes.
- B. The Customer shall be responsible for Enhanced 9-1-1 monthly rates each month until the service is terminated. The maximum termination charges associated with this Agreement are one month's charges.
- C. An Initial Non-Recurring Charge ("I.N.C.") of \$4,000.00 per 1000 exchange access lines (\$32,000.00) is applicable at the time of installation of Enhanced 9-1-1 service. No portion of the I.N.C. will be refunded. Customer shall be responsible for all I.N.C. and monthly charges and applicable taxes.
- D. Customer may elect to prepay all or a portion of the monthly rate in accordance with the Regulations of I.C.C. Tariff No. 20.

AT&T has entered into agreements with companies referred to as AT&T Authorized Representatives.

AT&T Authorized Representatives are independent companies. If selected by you, they are compensated by AT&T to assist you in the selection and ordering of AT&T products and services under applicable AT&T agreements.

AT&T's Authorized Representatives may offer their own line of non-AT&T products and services under separate agreements for price, terms, and conditions. The evaluation, selection and performance of these non-A 1&1 products, and integration thereof, should be done independently of AT&T's offerings.

The service and performance standards of AT&T's network offerings are governed by tariff. AT&T ultimately is only responsible for proper performance of its network offerings.

All terms and conditions of the Enhanced 9-1-1 service offering are set forth in the applicable tariff, which fully determines the rights and obligations of the Customer and AT&T.

NO REPRESENTATIONS OR AGREEMENTS, EITHER WRITTEN OR ORAL, SHALL ALTER OR IN ANY WAY AFFECT THESE RIGHTS OR OBLIGATIONS.

**RESOLUTION NO.:** 2009-6-15-G

**A RESOLUTION AUTHORIZING EXECUTION OF AN  
INTERGOVERNMENTAL AGREEMENT BETWEEN  
THE CITY OF VANDALIA AND THE FAYETTE COUNTY  
EMERGENCY TELEPHONE SYSTEMS BOARD**

**WHEREAS**, the residents of Fayette County, including residents of the City of Vandalia, heretofore approved by referendum the implementation of E 9-1-1 emergency service for all residents and non-resident users in Fayette County, and

**WHEREAS**, the Fayette County Emergency Telephone Systems Board has tendered to the City of Vandalia an Intergovernmental Agreement to facilitate use of the Vandalia Police Department Communication as an E 9-1-1 Primary Safety Answering Point, and

**WHEREAS**, the tendered Intergovernmental Agreement delineates the duties and responsibilities of each of the parties toward the end of both permitting and causing the Vandalia Police Department to provide a fully enhanced 9-1-1 backup to the Fayette County Sheriff's Office PSAP, and

**WHEREAS**, it is in the best interests of the residents of the City of Vandalia that the tendered Intergovernmental Agreement be approved and executed,

**NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF VANDALIA:**

**Section 1:** The tendered Intergovernmental Agreement between the City of Vandalia and the Fayette County Emergency Telephone Systems Board is approved. The Mayor and Clerk are both authorized and directed to execute the same and to take such further and additional steps as shall be required to effectuate the purposes thereof.

**Section 2:** This Resolution shall be in full and force and effect forthwith upon its passage and approval.

Passed this 15<sup>th</sup> day of June, A.D., 2009, by "yea" and "nay" vote with the  
Aldermen voting as follows:

ATTEST:

  
CITY CLERK

## Intergovernmental Agreement

This agreement made this 15<sup>th</sup> day of June, 2009, between the Fayette County Emergency Telephone Systems Board, hereinafter referred to as "the Board", and the City of Vandalia, Illinois, hereinafter referred to as "Vandalia."

Whereas, the residents of Fayette County, which includes the city of Vandalia, have heretofore approved by referendum the implementation of E 9-1-1 emergency service for all the residents and non-resident users in Fayette County; and

Whereas, it is the desire of the Board to establish an E 9-1-1 Primary Safety Answering Point, hereinafter referred to as "PSAP", within the communications center of the Fayette County Sheriff's Office and within the communications center of the Vandalia Police Department; and

Whereas, it is the desire of the Board that, in the event of an emergency or overflow call, the Fayette County Sheriff's Office provide fully enhanced 9-1-1 back up to the Vandalia Police Department PSAP and that the Vandalia Police Department provide fully enhanced 9-1-1 back up to the Fayette County Sheriff's Office PSAP;

NOW, THEREFORE, IT IS HEREBY AGREED as follows:

1. Vandalia agrees to permit the Board to utilize, for the protection of residents and non-resident users of the E 9-1-1 System in Fayette County, the Vandalia Police Department communications center as a PSAP, giving the Board the necessary access and authorization to install and maintain equipment for the purpose of operation of the E 9-1-1 System.
2. The Board will assume all costs for installation and maintenance of the equipment it deems necessary to the E 9-1-1 System.

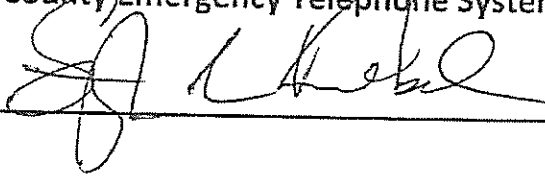

3. Vandalia assumes all costs for installing and maintaining communications or non-communications equipment that Vandalia deems necessary for the successful operation of non-E 9-1-1 communications. Vandalia assumes all costs and responsibility for providing telecommunications personnel necessary to operate the PSAP, it being understood that the telecommunicators working in the PSAP are the employees of the city of Vandalia, and it being further understood that Vandalia is responsible for decisions concerning numbers of personnel in the PSAP and the expenditures made for those personnel.
4. Vandalia and the Board agree that the E 9-1-1 Coordinator employed by the Board will have necessary access to the PSAP and necessary authority to give direction to personnel in the operation of the E 9-1-1 System.
5. Vandalia agrees to allow the Board to utilize the Vandalia Police Department PSAP as a fully enhanced E 9-1-1 back up system to the Fayette County Sheriff's Office PSAP, to answer emergency calls and relay the necessary information to Fayette County Sheriff's office or to an appropriate agency (i.e. State Police or fire department) so that Fayette County Sheriff's Office or another appropriate agency can respond to said calls in the event that the Fayette County Sheriff's Office PSAP is unable to answer and until such time as answering capabilities are restored.
6. The parties to this agreement agree that it is not the purpose of this Agreement to impose any obligation upon the Vandalia Police Department or the Fayette County Sheriff's Office or any public safety or emergency services agency in Fayette County to respond to any call received by either PSAP by dispatching emergency units. This paragraph does not prevent either jurisdiction from requesting and receiving mutual aid responses from each other or other emergency agencies.
7. This agreement shall be for a period of two years from the date the Fayette County E 9-1-1 system becomes operational. This Agreement may be extended

by mutual agreement of the parties. This Agreement may be terminated after a 360 day written notification by either party to the other.

INTERGOVERNMENTAL AGREEMENT  
Backup PSAP

This agreement made this 28<sup>th</sup> day of March, 2017, between the Fayette County Emergency Telephone Systems Board, hereinafter referred to as "Fayette County" and Bond County Emergency Telephone Systems Board, hereinafter referred to as "Bond County."

Whereas, the residents of Fayette County approved by referendum the implementation of E-911 Emergency Service for all the resident and Non-resident users in Fayette County; and

Whereas, it is the desire of the board to establish an E-911 Primary Safety Answering Point, hereinafter referred to as "PSAP" within Fayette County; and

Whereas, it is the desire of the board that, in the event of an emergency or overflow call, the Bond County ETSB provide fully enhanced 9-1-1 backup to Fayette County.

Fayette County will assume all cost for installation and Maintenance of the equipment it deems necessary to the E-9-1-1 system.

Fayette County will provide the necessary Mapping Data it deems necessary to the E-9-1-1 system.

If Fayette County experiences an E-9-1-1 service outage for a period of time exceeding 12 hours, Fayette County will send a dispatcher to the Bond County PSAP to help with communications for the duration of the outage.

The parties to this agreement agree that it is not the purpose of this Agreement to impose any obligation upon Fayette County ETSB or Bond County ETSB or any public safety or emergency services agency in Fayette County to respond to any call received by either PSAP by dispatching Emergency units.

This agreement shall be for a period of two years from the date the Fayette County E-9-1-1 system becomes operational. This agreement may be extended by Mutual agreement of the parties. This agreement may be terminated after a 360 day written notification by either party to the other.

## **FAYETTE COUNTY 9-1-1 TEST PLAN**

### **1. Description of test plan (back-up, overflow, failure, database)**

The new E9-1-1 network design for the Fayette County Sheriff's Office and the Vandalia Police Department consists of two trunks from the AT&T Selective Router in Belleville, IL to both the Fayette County Sheriff's Office at 221 S. Seventh St, Vandalia IL, and the Vandalia Police Department at 219 S. Fifth St. Vandalia IL. The 9-1-1 trunks will be programmed in the Belleville Selective Router with an overflow route to each other's PSAP. Should both trunks in the in the trunk group to the Fayette County PSAP become busy or be taken out of service, the AT&T Selective Router will determine if 9-1-1 calls can be re-routed to the overflow route to the Vandalia Police Department PSAP. Likewise, should both trunks in the trunk group to the Vandalia Police Department PSAP become busy or be taken out of service, the AT&T Selective Router will determine if 9-1-1 calls can be re-routed to the overflow route to the Fayette County Sheriff's Office PSAP.

There are 3 telephone service providers in Fayette County: AT&T, Frontier Communications, and Fairpoint Communications. All three landline telephone services providers will conduct call-through testing using local 7 digit numbers from their respective central offices in Fayette County. These test calls will ensure proper routing of 9-1-1 test calls to the AT&T Selective Router and to Fayette County Sheriff's Office PSAP and the Vandalia Police Department PSAP. Both ANI and ALI are required. Test calls will be placed on both 9-1-1 trunks to the Fayette County Sheriff's Office PSAP and the Vandalia Police Department PSAP. Also, AT&T will busy out the trunk group to the Fayette County Sheriff's Office PSAP to ensure that overflow is going to the 9-1-1 trunk at the Vandalia Police Department PSAP. AT&T will then busy out the trunk group to the Vandalia Police Department PSAP to ensure the over is going to the 9-1-1 trunks at the Fayette County Sheriff's Office PSAP.

AT&T will provide a telephone extract of all customers in the 9-1-1 database. The telephone records will be sorted by their respective NPA/NXX using excel spreadsheets. Testing of at least 10% of each NPA/NXX will be done to ensure the 9-1-1 test call is delivered correctly to either the Fayette County Sheriff's Office PSAP or the Vandalia Police Department PSAP and proper ANI/ALI is displayed. Each test 9-1-1 call will be recorded in the NPA/NXX spreadsheet as either a successful or unsuccessful 9-1-1 test call. This spreadsheet will be provided to the ISP.

Test calls should be made on telephone numbers not in the ALI database to ensure proper default routing of 9-1-1 call with no ALI. Also, the PSAP's will place call backs to some 9-1-1 test calls to confirm that call back to 9-1-1 test calls can be done.
