NARRATIVE STATEMENT:

(Provide a detailed summary of system operations for a modified 9-1-1 plan. Also, if incorporating an NG9-1-1 solution, please include the additional items listed below pursuant to 1325.205 b)12).

- 1) Indicate the name of the certified 9-1-1 system provider being utilized.
- 2) Explain the national standards, protocols and/or operating measures that will be followed.
- 3) Explain what measures have been taken to create a robust, reliable and diverse/redundant network and whether other 9-1-1 Authorities will be sharing the equipment.
- 4) Explain how the existing 9-1-1 traditional legacy wireline, wireless and VoIP network, along with the databases, will interface and/or be transitioned into the NG9-1-1 system.
- 5) Explain how split exchanges will be handled.
- 6) Explain how the databases will be maintained and how address errors will be corrected and updated on a continuing basis.
- 7) Explain who will be responsible for updating and maintaining the data, at a minimum on a daily basis Monday through Friday.
- 8) Explain what security measures will be placed on the IP 9-1-1 network and equipment to safeguard it from malicious attacks or threats to the system operation and what level of confidentiality will be placed on the system in order to keep unauthorized individuals from accessing it.

Plan Narrative:

Plan Narrative:

[Empty box for Plan Narrative]

Plan Narrative:

9001:2008-compliant for immediate escalation, notification, resolution, and reporting. All buildings, NOC, and Data Center access are monitored by 24x7 security and access control systems.

Will County currently receives Text to 9-1-1 services through Intrado as the text provider.

Will County's system design provides for backup capabilities within the 9-1-1 System. Laraway Communications is the backup for WESCOM and secondary for Joliet, and WESCOM is the backup for Laraway Communications and primary for Joliet. Will County is planning on pre-determined alternate routing between these locations as may be necessary to support this configuration on the ESInet.

ATTACHMENTS

Ordinance - The local ordinance which created an ETSB prior to January 1, 2016.

A copy of the Will County ETSB Ordinance is attached for reference. It should be noted that at present the Will County Board is in the process of updating ordinances, and the ETSB by-laws may reflect more current practices post-consolidation. The Ordinances may also be retrieved online at:

https://codelibrary.amlegal.com/codes/willcounty/latest/willcounty_il/0-0-0-1459

A current copy of ETSB by-laws is available by contacting the Will County 9-1-1 office.

Contracts - The contract for a new 9-1-1 system provider or for NG 9-1-1 service.

Will County is unable to provide a copy of the NG9-1-1 service contract as it has not been provided to Will County by the State of Illinois.

Intergovernmental Agreement

Not applicable to Will County.

Back-up PSAP Agreement - The agreement that establishes back-up service due to interruptions or overflow services between PSAPs.

The Will County 9-1-1 System maintains backup capabilities for each System PSAP under a backup configuration previously approved by the Statewide 9-1-1 Administrator on March 6, 2018 (Case 18-M-215) and that configuration remains unchanged. The System maintains a comprehensive Continuity of Operations Plan (COOP) detailing the backup processes which is maintained under separate cover and contains controlled unclassified information (CUI). Questions regarding this plan should be made to the Will County 9-1-1 Office.

Network Diagram - Diagram provided by the 9-1-1 System Provider. Re-evaluate P.01 grade of Service for cost savings and network efficiency.

An AT&T-provided network diagram is attached for reference.

Call Handling Agreements

Updated call handling agreements for Will County 9-1-1 System participating agencies are attached for reference.

9-1-1 EMERGENCY TELEPHONE SYSTEM BOARD

§ 34.105 PURPOSE.

(A) The County Emergency Telephone System Board (hereinafter referred to as the ETS Board) is established pursuant to ILCS Ch. 50, Act 750, as amended by P.A. 85-978 and P.A. 86-101 and pursuant to Resolutions 89-193 and 89-214 of the County Board, adopted August 17, 1989, and Resolution 90-11 of the County Board adopted January 18, 1990.

WC9-1-1 receiving a call for emergency services in the jurisdiction of the Participating Agency shall route the call to LCC for call handling and dispatch in accordance with the current *ETSB Policy 111 Call Routing & Transfer*.

CALL HANDLING

LCC shall dispatch calls received for the Participating Agency as follows and in accordance with LCC's current standard operating procedures:

Primary: Via radio on mutually agreed upon frequency / talk group

Secondary: Via directed CAD resources directly to on-duty unit(s) and/or direct telephone call

AID OUTSIDE JURISDICTIONAL BOUNDARIES

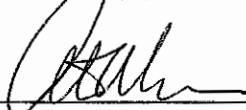

Once an emergency unit is dispatched in response to a request through the WC9-1-1 system, such unit shall render its service to the requesting party without regard to whether the unit is operating outside its normal jurisdictional boundaries.

9-1-1 is intended for emergency calls only. All calls of an administrative or nonemergency nature shall be referred to Participating Agency's published telephone number in accordance with LCC's standard operating procedures.

LCC agrees to keep all records, times, and places of all calls. All records shall be made available to all participants of the 9-1-1 System. It shall be the responsibility of the Participating Agency to maintain the report of the call and the disposition of each call received in accordance with your Agency's standard operating procedures.

All agreements, management, records, and service will be the responsibility of the 9-1-1 Authority. This agreement shall remain in effect until amended, rescinded, or terminated in writing by any party.
