## Mental Health

Beginning July 1, 2021 the reporting of a Mental Health Crisis is mandated by Chapter 50 of the Illinois Compiled Statutes, 709/5 House Bill 101-0652. A "mental health crisis" is when a person's behavior puts them at risk of hurting themselves or others or prevents them from being able to care for themselves. The Uniform Crime Reporting Act provides, in relevant part that all law enforcement agencies shall submit to the Department of State Police on a monthly basis the following: A report on incidents where a law enforcement officer was dispatched to deal with a person experiencing a mental health crisis or incident. The report shall include the number of incidents, the level of law enforcement response and the outcome of each incident.

The Mental Health Incident report captures the agency name, ORI, and incident number which will auto-populate based upon the month of occurrence and a sequence number. The type of mental status is reported under suffering from category which includes.

- **Mental Illness**— a diagnosable condition that can substantially impair a person's thought, perception of reality, emotional process, judgement, behavior, or ability to cope with the daily stresses of life. Mental illness can be treated through various approaches, allowing individuals to maintain recovery from many of its symptoms.
- **Developmental Disabilities**— are long-term disabilities attributable to a physical, mental, or a combination of impairments that result in functional limitations in major life activities, such as understanding and expressing language, learning, moving, self-direction, self-care, independent living, and economic self sufficiency.
- **Intellectual Disabilities**— are subset of developmental disabilities characterized by limited or diminished intellectual functioning and difficulty with adaptive behaviors such as managing money, schedules and routines, or social interactions.
- **Substance Use Disorder**— occur when the recurrent use of alcohol and/or drugs causes clinically significant impairment, including health problems, disability, and failure to meet major responsibilities at work, school, or home.

The Level of Law Enforcement Response captures the resources dispatched which include; Sworn Officer, Crisis Intervention Team (CIT) Trained Officer, SWAT Team, Social Worker, Psychologist, Ambulance, and Other. The Outcome – This element will capture the outcome of involvement which include; Released, Released (Family Member), Arrested, Voluntary admission to health care facility, Involuntary admission to health care facility, Adjudicated (court ordered) to health care facility, and Other.
