ILLINOIS STATE POLICE

MULTI-JURISDICTIONAL DRUG TASK FORCES

2025

ANNUAL REPORT

INTRODUCTION

Multi-Jurisdictional Drug Task Forces continue to be an important component in the effort to combat illicit drugs, illegally possessed firearms, and human trafficking throughout Illinois. Task forces collaborate with state, federal, and local law enforcement agencies to enforce Illinois drug laws, investigate street gang activity, and participate in proactive human trafficking operations aimed at recovering victims. Task forces partner with the Statewide Terrorism and Intelligence Center (STIC) and Illinois National Guard Counterdrug analysts to reduce crime through intelligence-led policing with focused enforcement efforts on felony-level drug distribution. Task force partnerships with community groups, local stakeholders, and drug treatment providers have led task forces to adjust their focus to not only enforcement but also treatment of substance use disorders in the communities they serve.

The thirteen task forces span 50 Illinois counties with a population of 7,738,900 people, or 61% of the state's overall population. Each task force is overseen by a policy board consisting of Illinois State Police, elected county officials, and law enforcement chiefs, or their designees. The task forces are staffed by 122 total sworn officers: 49 from ISP and 73 officers from local and federal agencies. There are 24 administrative staff positions responsible for managing budgets, monthly reporting, intelligence data, and asset seizures.

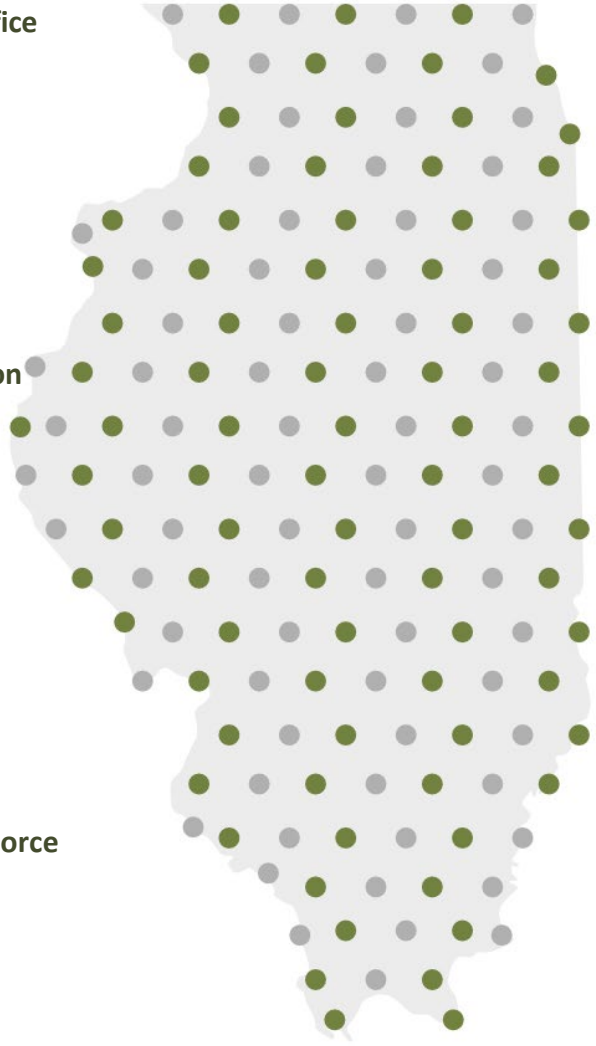

Task forces are actively addressing human trafficking by working with intelligence-based software to locate and recover victims. This broadens their impact, showing that their role goes beyond drug-related crime and contributes to addressing human exploitation. The annual task force report includes statewide activity totals as well as individual activity for each task force unit, including arrest statistics, drug and gun seizures, gang arrests, and human trafficking statistics for calendar year 2025.

COMMUNITY PARTNERSHIPS

Task Forces are on the front line of narcotic enforcement strategies, prevention, and treatment strategies. Through community partnerships forged through TASC (Treatment Alternative for Safe Communities), Task Forces increase awareness of drug abuse trends and work with various groups to keep drug abusers out of the criminal justice system by focusing enforcement efforts on felony level drug distribution and trafficking.

In 2025, Task Forces partnered with and/or provided prevention and education seminars to the following community groups:

Gateway Foundation
Mt. Olive School District with Attorney General Office
Hillsboro Public Schools
Franklin County Civil Police Academy
Franklin County CASA
Massac County Junior High School
