#### III.A.1. Escorts

III.A.2. The ISP will provide escorts for:

III.A.2.a. Vehicles with permits for excess size and weight requiring an ISP escort vehicle (by Illinois Department of Transportation Rules).

III.A.2.a.1) All requests for ISP escorts will be directed to the Commercial Vehicle Section, the Division of Operations (DOO), at (217) 782-6527 at least 24 hours prior to the permit movement. ISP districts will not schedule ISP escorts without prior approval from the Statewide Permit Hireback Coordinator, Commercial Vehicle Section.

III.A.2.a.2) Officers assigned to a permit escort will advise the Telecommunicator use: TYPE: Traffic Modifying Circumstance: Permit Move.

III.A.2.a.3) Upon arrival at the point of origin, assigned officer(s) will advise communications, "Arrived, waiting for permit," verify the permit number, and provide the permit number to communications.

III.A.2.a.4) The assigned officer(s) will review the permit to ensure all prescribed requirements, instructions, and safety precautions are followed during the escort.

III.A.2.a.5) Assigned officer(s) will advise communications when the escort departs by indicating, "Beginning escort."

An officer who deems it necessary to provide an escort to a civilian vehicle in a medical emergency will notify their supervisor of the circumstances and complete a Field Report, ISP 5-048 (this form is available in the ISP Document Library at <http://maphome/documentlibrary/>), using the appropriate ISP report writing software.
