OPS-074, TRAFFIC CRASH REDUCTION

RESCINDS: OPS-074, 2014-018, revised 04-07-2014.	REVISED: 05-11-2015 2015-040
RELATED DOCUMENTS: OPS-061	RELATED CALEA STANDARDS: 61.1.1, 61.4.4, 61.1.6, 82.3.3

I. POLICY

The Illinois State Police (ISP) will work to reduce motor vehicle traffic crashes by:

- I.A. Identifying high traffic crash areas in conjunction with the Illinois Department of Transportation by evaluating geographic, temporal, and causative factors.
- I.B. Applying selective assignment techniques for patrol personnel.
- I.C. Monitoring and evaluating current enforcement data and significant incidents during Commanding Operational Policing Strategies (COPS) sessions.
- I.D. Positively impacting driving behaviors by educating motorists of all age groups on the benefits of practicing motor vehicle safety, occupant restraint usage, and the dangers of impaired and distracted driving.

II. RESPONSIBILITIES

- II.A. Upon request, the Statewide Terrorism and Intelligence Center (STIC) will provide the Division of Operations (DOO) Lieutenant Colonel (LTC), Field Support Command (FSC), and each District Commander or designees, with traffic crash and enforcement data.
- II.B. DOO Lieutenant Colonel, Field Support Command, will formulate a DOO Traffic Crash Reduction Plan as part of the patrol program based upon evaluation of statewide crash and enforcement data along with the intent and priorities of the Colonel of DOO.
- II.C. Each District Commander will:
 - II.C.1. Formulate, implement, maintain, and periodically review the District Traffic Crash Reduction Plan, and incorporate appropriate strategies in the District Tactical Plan, including such tactics as:
 - II.C.1.a. Visible traffic patrol, whether area, line, or directed
 - II.C.1.b. Stationary observation, covert and overt
 - II.C.1.c. Use of unmarked or unconventional vehicles
 - II.C.1.d. Use of roadside safety checks
 - II.C.2. When preparing the District Tactical Plan, request traffic crash and enforcement data from STIC and establish appropriate traffic crash prevention patrols, using the data.
 - II.C.3. Use District Safety Education Officer(s) (SEO) in programs designed to increase public awareness of high traffic crash areas and causation factors.
- II.D. ISP personnel are responsible for supporting traffic crash reduction plans consistent with their assigned responsibilities or as requested.
- II.E. All uniformed officers will enforce traffic laws and participate in traffic crash reduction activities.
- II.F. The SEO or District Commander, or designee, is responsible for media coverage. SEOs, with direction from the Safety Education Unit Supervisor, will develop traffic crash reduction programs for presentation to interested community groups.

III. PROCEDURES

- | III.A. The DOO Lieutenant Colonel, Field Support Command, will:
 - | III.A.1. Submit a revised annual Statewide Traffic Crash Reduction Plan to the Colonel, DOO, by September 1 of each year. This review will:
 - | III.A.1.a. Form the basis for strategy expansion, revision, or deletion.
 - | III.A.1.b. Be included in annual DOO patrol program reports.
 - | III.A.2. Upon approval by the Colonel, DOO, the Plan will:
