The District Commander will review the recommendations and select officers to serve as FTOs.

III.C. Probationary Trooper – an officer who, upon completion of Cadet training at the ISP Academy, is assigned to a district within the DOP for additional training within the Field Training Program.

III.C.1. The probationary period is one year from the date of hire, but the Director has sole discretion to extend the probationary period for up to six months.

III.C.2. If a Probationary Trooper is unable to perform regular field training duties (due to injury, medical leave, military leave, etc.) or misses a significant amount of training due to extended

III.C.3. All Probationary Troopers must comply with the standards outlined in the Program Manual.

If acceptable performance is consistently displayed during Phase II, the Probationary Trooper will be released to Phase III. Phase III of the Field Training Program is a minimum of 8-weeks in duration as long as acceptable performance is achieved. In some instances, Phase III training may be extended when performance deficiencies have been identified through Supervisor's Bi-Weekly Report Forms.

III.E. Retention Review Board (RRB) - a Board that may meet at any time to determine a Probationary Trooper's training status, additional training needs, and/or fitness to remain with the ISP. III.H.2. Phase II - the training period where a Probationary Trooper performs a patrol function while being trained and evaluated by an FTO. The Probationary Trooper receives direct supervision in an uncontrolled environment.

III.H.2.a. Phase II Review Board – a Board that meets to determine a Probationary Trooper's ability to perform solo-patrol duties without the presence of the FTO.

III.H.2.b.2) Statewide Field Training Program Coordinator

- III.H.2.b.3) District FTO Supervisor
- III.H.2.b.4) FTOs who trained the Probationary Trooper. If the FTO cannot attend the Board Meeting, the FTO will submit written input to the Board on the Probationary Trooper's ability to perform solo-patrol duties.

III.H.2.c. Phase II field training may be extended up to 22 weeks when training deficiencies have been identified through Daily Observation Reports and Weekly Summary Reports. If acceptable progress has not been achieved at the conclusion of 22 weeks, a Retention Review Board will be convened to evaluate the Probationary Trooper's employment status and/or make a recommendation on the continuation of training or recommend termination to the Director. If additional training is recommended, the Probationary Trooper will continue in Phase II for an additional four (4) weeks. At the conclusion of 26 weeks, a Retention Review Board will be convened to determine advancement to Phase III or recommend termination to the Director.
