IV.B. Transfer Restrictions

IV.B.1. Upon graduating from the ISP Academy, an officer must complete two years at the assigned District prior to a transfer being granted. An officer may submit a VTR and be placed on the Patrol Transfer List - Trooper at any time, but the transfers will not be considered during the probationary period. After completion of the probationary period but prior to serving two years at the assigned district, officers will be granted transfers to districts before any subsequent officers graduating from the academy are assigned to them. The Director may grant exceptions from this restriction for hardship cases and operational need.

IV.B.2. If on the same date the OHR receives transfer requests from two or more officers with the same seniority date, Academy class standing will be used to determine appropriate placement on the transfer list.

IV.B.3. Only one transfer request will be allowed to be on file with the OHR.

IV.B.4. An officer who receives a voluntary transfer, as defined in section II.A.5., must serve in the new district/assignment for a period of 12 months. The Director may grant exceptions from this restriction for hardship cases and operational need.

- IV.B.5. Officers who voluntarily apply for, and are selected to serve in, a specialty unit (i.e., Crime Scene Investigator) may be required to sign an agreement to serve for a period greater than 12 months.
 - IV.B.5.a. The agreement must be reviewed by the Office of Labor Relations and Special Projects and the Legal Office, and approved by the Director prior to implementation.
 - IV.B.5.b. The length of the service commitment should reflect the level of training, skill, and experience required to successfully operate in the specialty unit.
 - IV.B.5.c. Officers may be granted early release from this commitment, at the discretion of the appropriate Colonel, if another qualified officer is available to replace the officer requesting a transfer out of the specialty unit.
- IV.B.6. Any officer desiring to withdraw a transfer request must submit a written request through the chain-of-command to the OHR.
- IV.B.7. When the Director determines an officer has sufficiently articulated adverse circumstances warranting a hardship transfer, the Director may approve a voluntary transfer request. Officers requesting a hardship transfer must complete an OAR, sign it, forward the original OAR through the chain-of-command to his/her Commander, and attach a memorandum detailing the reasons for a hardship transfer.
- IV.B.8. Transfer lists will not be maintained for specialty units, e.g., Academy, Executive Protection Unit, Illinois Gaming Board, etc.
- IV.C. The Director
 - The Director reserves the right to involuntarily transfer officers to ensure sufficient and qualified personnel are assigned to effectively perform the Department's mission or for other legitimate operational needs.
- IV.D. Code Employee Transfers

Specific regulations governing individual transfers may vary depending upon collective bargaining agreements governing code employee transfers and Illinois Department of Central Management Services Personnel Rules (see Personnel Rules 302-400 through 302-460).
- IV.E. Transfer Costs
 - IV.E.1. When the transfer occurs, an employee initiating a voluntary transfer request will bear the cost of transportation of personal apparel and household goods.
 - IV.E.2. Upon completion of Cadet training at the Academy, all officers will be responsible for moving their household goods and personal belongings to their first duty assignment.
 - IV.E.3. When a transfer is required or requested by the Department, the Department will assume the transportation or reasonable cost of moving personal apparel and household goods.
 - IV.E.3.a. Contract moving at department expense will be provided only upon prior written authorization from the Director:
 - IV.E.3.a.1) When included as part of the employment negotiations for new hires of upper administrative or experienced specialist code personnel.
 - IV.E.3.a.2) In an exceptional case for any employee when the Department requires or requests the transfer and department equipment is not available.
 - IV.E.3.b. Employees who receive payment from the Department for moving expenses may be taxed for the expenses. Under certain conditions, however, these taxable expenses are deductible on the employee's tax return.

- IV.E.3.c. The OHR is to be notified by memorandum from the employee's work location Commander through the chain-of-command whenever contract moving at the Department's expense is required.
 - IV.E.3.d. As determined by the Office of the Director, OHR will conduct a comparison of contract moving vouchers against contract moving expenses.
 - IV.E.3.e. When an employee is being moved by department vehicles, insurance for damage or loss of personal apparel and household goods will not be provided.
 - IV.E.3.f. An employee being transferred (other than voluntarily) will provide written notification of the transfer to the Logistics Bureau Chief, DOA, to request department assistance with the move.
 - IV.E.3.g. The Commanders of the Districts or Offices involved will provide sufficient on-duty personnel to load and unload the truck.
- IV.E.4. When sworn officers receive a transfer, Commanders may allow officers to take accumulated time (up to five working days) to take care of the details of moving to a new duty assignment.
- IV.E.5. When the Director requires and approves an involuntary transfer, the transferring employee will be authorized reimbursement for meals and lodging for a period not to exceed 45-calendar days immediately following the effective date of transfer, within the limitations set forth by the current travel regulations. When possible, the Department will give each employee required to transfer a minimum of 45-calendar days' notice. However, this does not supersede the Director's authority of assignment on a temporary basis.
- IV.E.6. A transfer agreement becomes official and binding on the date an officer accepts an offer to transfer, even though the effective date may come later.
