

Office of the Statewide 9-1-1 Administrator's Update

Unserved Counties

Stark County

- Projected to go live 1st Quarter 2024

Consolidations (0)

Modifications (32)

- PSAP Closings
- Backup Changes
- Transition to NG911

Statewide NG911 System Update

Statewide NG911 System

- Transition to the AT&T ESInet
 - 49 PSAPs to date
 - 23 PSAPs scheduled to cutover by the end of the year
 - 58 Combination of PSAPs, Fire SAPs, Geo-Diverse A/B Sites, ISP Comm Centers to cutover in 2024

Integrated Text to 911

Integrated Text to 911

- Contracts with Comtech & Intrado.
- Intrado Kickoff for the 1st 22 PSAPs completed.
- List of the remaining PSAPs to be sent to AT&T & Intrado this week.

TC/TC Supervisor Training & Certification

- National 911 Office Minimum Training Standards Topics used as our Baseline.
 - They are in the process of revisiting the Standards
- 22 Training Supervisors/Coordinators from across the State have taken on the challenge.
- Using the State's OneNet Learning Management System.

TC/TC Supervisor Training & Certification

Roles, Responsibilities and Ethics

Legal Concepts

Interpersonal Communications

Radio/Emergency Communications Technology (Includes NG911)

Call Processing (Includes Active Shooter, National Center for Missing & Exploited Children)

Callers with Disabilities & Special Needs

Sexual Assault Incident Procedures (ILETSB Training)

Law Enforcement Dispatch – Include Active Shooter

Fire/HazMat Dispatch

EMS Dispatch – Include Active Shooter

Traffic – Stops (Felony Stops), Crashes, Disabled Motorist, Stolen Vehicle, Driving Under the Influence (DUI), Reckless Driving, Car Jacking, Pursuits, Pedestrians, Motorcycles, Bicycles

Security/Cyber Security Awareness

Emergency Management - NIMS, ICS, TERT

Mental Health & Stress Management

Quality Assurance/Quality Improvement (Overall Concepts – Also included in Call Processing and Dispatch Modules)

CESSA/988

On-the-Job Training General Concepts – Includes Geography (Agency Specific)

TC/TC Supervisor Training & Certification

- Finalizing EMS, Fire and Law Modules.
- Currently Working On:
 - Roles, Responsibilities, Ethics
 - Mental Health & Stress Management
 - LEADS
 - Emergency Management
 - Active Shooter
 - On-the-Job Training
 - Cybersecurity

Consolidation Grant Program

- FY25 Consolidation Grant Program - \$TBD
 - If consolidations occurred in more than one year a separate grant application is required for each year

NG911 Expenses Grant Program

- FY24 NG911 Expenses Grant Program - \$7M+
 - Hosted i3 Capable Call Handling Equipment
 - Multi-Media Recording System
 - GIS Projects in Support of NG911
 - Other projects to be determined

Monthly Update

- 1st Thursday @ 1100
 - Administrator's Update
 - 911 System Managers and PSAP Managers/Supervisors

CYBER NAVIGATOR PROGRAM

PRESENTED BY: BRIAN BAGGETT AND ALEX SPARKS

PROGRAM INCEPTION & TIMELINE

- **2016**
 - Foreign adversary state and local election system infrastructure attacks.¹
- **2017**
 - The United States Department of Homeland Security (DHS) designated the United States election systems as critical infrastructure.²
- **2018**
 - The federal government appropriated grants to the states to improve election security.³ Illinois legislature passed Public Act 100-587 (specifically 10 ILCS 5/1A-55) and the State Board established the **Cyber Navigator Program (CNP)** through Administrative Rule (Title 26, Chapter I, Part 213).⁴
- **2020-2022**
 - The Consolidated Appropriations Act of 2020 authorized additional new Help America Vote Act (HAVA) funds followed by the Consolidated Appropriations Act of 2022 which authorized additional funding for the HAVA Election Security program.³
- **2022 -->**
 - SB3939 - Extending Cyber Navigator Program services to other IL critical infrastructure.

PROGRAM TEAMS

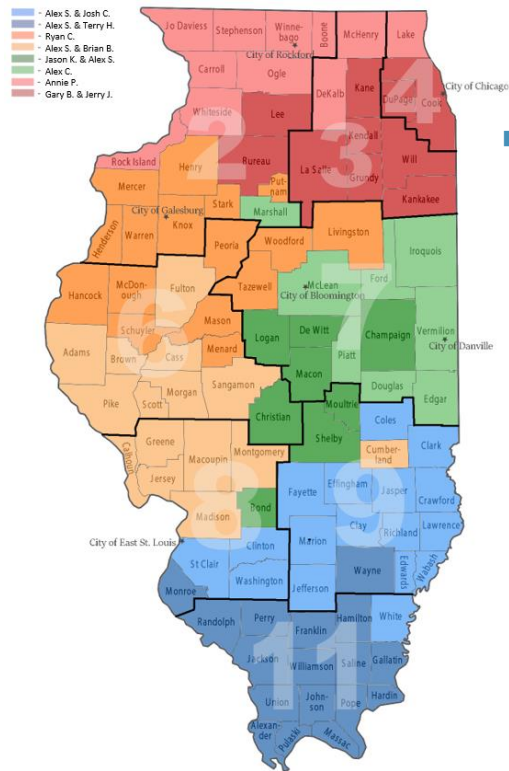

CYBER NAVIGATOR PROGRAM SERVICES

CYBER NAVIGATOR LIAISONS

Personnel

U. S. Department of Justice
Federal Bureau of Investigation
Criminal Justice Information Services Division

Criminal Justice Information Services (CJIS) Security Policy

Version 5.9.2
12/07/2022
CJISD-ITS-DOC-08140-5.9.2

5 POLICY AND IMPLEMENTATION

The policy areas focus upon the data and services that the FBI CJIS Division exchanges and provides to the criminal justice community and its partners. Each policy area provides both strategic reasoning and tactical implementation requirements and standards.

While the major theme of the policy areas is concerned with electronic exchange directly with the FBI, it is understood that further dissemination of CJI to Authorized Recipients by various means (hard copy, e-mail, web posting, etc.) constitutes a significant portion of CJI exchanges. Regardless of its form, use, or method of dissemination, CJI requires protection throughout its life.

Not every consumer of FBI CJIS services will encounter all of the policy areas therefore the circumstances of applicability are based on individual agency/entity configurations and usage. Use cases within each of the policy areas will help users relate the Policy to their own agency circumstances. The policy areas are:

- Policy Area 1—Information Exchange Agreements
- Policy Area 2—Awareness and Training (AT)
- Policy Area 3—Incident Response
- Policy Area 4—Auditing and Accountability
- Policy Area 5—Access Control
- Policy Area 6—Identification and Authentication (IA)
- Policy Area 7—Configuration Management
- Policy Area 8—Media Protection (MP)
- Policy Area 9—Physical Protection
- Policy Area 10—Systems and Communications Protection
- Policy Area 11—Formal Audits
- Policy Area 12—Personnel Security
- Policy Area 13—Mobile Devices
- Policy Area 14—System and Services Acquisition (SA)
- Policy Area 15—System and Information Integrity (SI)

CYBER NAVIGATOR PROGRAM SERVICES - FREE MONTHLY VULNERABILITY SCANNING

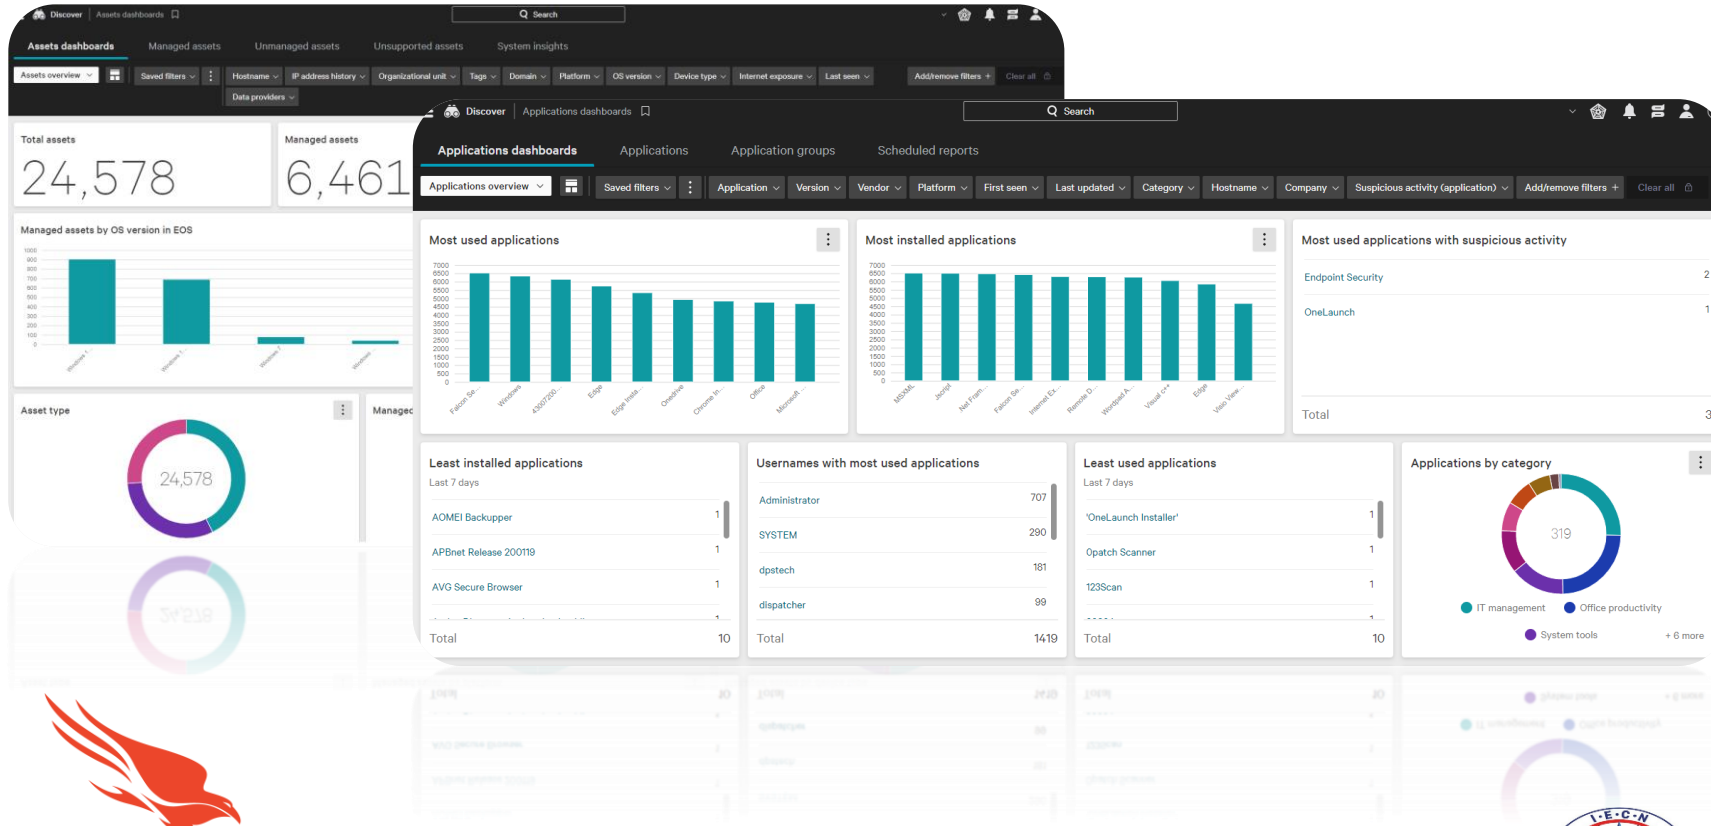

The image displays three overlapping screenshots of the Tenable.io vulnerability management interface. The top screenshot shows the 'Internet Key Exchange (IKE) Aggressive Mode with Pre-Shared Key' vulnerability (Plugin ID 62094), categorized as 'Medium'. It includes a description, a solution, and a table of affected assets. The middle screenshot shows 'TLS Version 1.1 Protocol Deprecated' (Plugin ID 157288), also 'Medium', with a description and a table of affected assets. The bottom screenshot shows 'Unsupported Web Server Detection' (Plugin ID 34460), categorized as 'High', with a description, a solution, and a table of affected assets. The table in the bottom screenshot has the following data:

IP ADDR...	PORT	LAST...	STATE	AGE
.124...	80/T...	03/1...	Active	37 ...
124...	443/...	03/1...	Active	37 ...

Additional details from the bottom screenshot include: Total Count: 2, Risk Factor: High, and CVSS Base Score: 7.5.
